Make Money Stuffing Envelopes

[[Home](#)] [[Questions and Answers](#)] [[Order Form \(check/money order\)](#)] [[Order Form \(credit card\)](#)]

Will I have to pay for envelopes or postage?

No. All materials will be fully supplied and mailed directly to your home. To obtain the materials, you must contact us and we will supply them to you on a continuous basis. **You will never be asked to pay for additional materials, envelopes or postage.**

How many envelopes can I expect to stuff?

The amount of money you earn is limited only by your efforts. The average home-mailer stuffs between 10 and 500 envelopes each week, depending on the amount of free time they devote to our program. **There is no limit, you may stuff as many envelopes as you wish.**

How will I get paid?

You will earn \$7 per envelope stuffed, guaranteed. Your payments will arrive with each shipment of envelopes. You will not be responsible for sales, so there will be no commissions.

But how do you know whether I actually send the circulars out?

- These advertisements usually generate a large volume of responses. The amount of money you earn depends on the number of envelopes stuffed, not responses. If the circulars you receive never come back to us, we know that they have not been sent.

What does the registration fee cover?

The small, one-time registration fee covers our expense in getting you started and guarantees you can work with us as long as you desire. You will not be required or asked to pay for any additional information, manuals, or instructions. Though we would like to send you our program without the small charge, we must protect ourselves from those who are not serious and have no intention other than to satisfy their own curiosity. This small charge assures us that you are serious about wanting to earn money at home.

Will the registration fee be refunded?

YES! There is no need to be concerned about this one-time fee. Your registration fee will be refunded after you send your first 50 envelopes. This fee is an investment in the materials you will receive and assures us that you are willing to make a solid commitment to our program.

What will I be mailing?

Our circulars are promotional business advertisements. You will never be asked to handle any pornographic, illegal, or otherwise objectionable materials.

- **How should I register?**

Payments through our secure server will be processed within 24 hours. Click on the [credit card link](#) on the [main page](#) and you will automatically be taken to the registration page. If you prefer to register by mail, click on the [Register by Mail link](#). Print this form and send it with your payment to the address provided.

How does your company differ from others?

One of the first rules of business is the KISS principle. Keep It Simple, Stupid! This is a humorous way of saying that the easiest way to be successful is to focus on executing a simple plan. We will not slow you down with useless products, confusing "opportunities," or flashy gimmicks. **You will be paid to stuff envelopes for profit, that's it.**

What about taxes?

Taxes will not be deducted from your paychecks. You will be an independent contractor and not an employee of our company, so we will not withhold any income taxes from your earnings. Instead, you will be responsible for reporting income for tax purposes.

Is this a scam?

Absolutely not. This is a proven program for making money while helping our company reach potential customers. Remember, after mailing just 50 envelopes in the \$7 per envelope plan, your entire registration fee will be refunded. You may contact us at any time.

When will I receive my Complete Home Mailer's Package?

Orders received by credit card or money order will be processed within 24 hours of payment.

Personal checks will be held up to 14 days for clearance. Your package should arrive within 7-10 days of shipment.

If you have any additional questions, please send them to info@stuffing-envelopes-at-home.com.

Once again, thank you for taking interest in our successful program. We are confident that in time your participation will become a valuable asset to our company. We look forward to hearing from you soon!

We Need New Home Workers NOW!

There are millions of people in the United States and throughout the world whom we would like to send our offers to, but we could never reach all of them even if we worked around the clock. However, by seeking out ambitious people like yourself, that are willing to work from home in connection with Global Mail Marketing, we now have the opportunity to be able to contact tens of thousands of prospects within a much shorter time period, and at the same time, hitting various locations in the U.S.A., Canada, and throughout the world thus generating our company, and our members HUGE profits! Recruiting home-workers saves us time and money!

You will be securing, stuffing, and mailing out our circulars to a specified target market of individuals and businesses on a daily or weekly basis from the comfort of your home. You will never have to talk to anyone over the phone or in person, and you will never sell anything to anyone. Your supplies will always be provided before you get paid. You will then simply stuff the circulars that we provide to you in your package into the envelopes that you will be receiving, and mailing them out to your targeted market.

Work From Home Full-Time or Part-Time

You can do this full-time or part-time. The greatest asset of our program is that you will have unbelievably flexible hours that will allow you to work from home or **"anywhere in the world"**. All the supplies you need to get started immediately will be mailed directly to your home, which will save you the hassle and money of picking them up at a store. In addition to mailing our circulars, we will teach you how to become the most efficient home-based business worker that you can be. You will receive a step-by-step guide which instructs you exactly what to do every step of the way. We will further show you how to expand your operation and boost your new income as high as you desire!

"What Exactly Will I be doing?"

As a home worker with our company, you will be mailing our company circulars that we provide to you in your package. *You may mail them as often as you wish and start collecting your instantaneous payments immediately upon joining our system, with no minimum or maximum mailing requirements.* You will work from home and start earning \$2 for every envelope mailed, along with a 75% commission on every order that is generated through your mailings. All the materials will be fully supplied and mailed directly to your home! We will show you exactly what to do with these materials and how to do it in our easy to follow manual (*Note: the manual is now available as an instant download when joining online).

Many of our workers range from college students, retirees, homemakers, or mothers home with their children who desire to work from home. We understand here at Global Mail Marketing that moms or homemakers are among the most dedicated work-at-home members in the industry today due to a number of reasons. Our system fits the needs of the independent mother so that she can still continue on with her important daily activities while being able to work from home and generating an extra income. The system is also great for college students across America who have extra time on their hands in between their daily classes and activities to be able to work an hour or so per day from their dorms to generate profits simply mailing out our circulars.

*** "Who Do I Send The Circulars To?" ***

Perhaps the most commonly asked question we get! As a member of Global Mail Marketing you will just log into your password protected account on our website with your username and password that you receive upon joining, and you will collect names and addresses at the touch of a button with the online tools that we provide you, at no additional costs! Yes its that simple. We send you your starter package, including circulars to stuff into the pre-paid postage envelopes that you will be receiving, of which you will then mail out at no cost. We even provide names and addresses for you in the members only area of the website!! We don't think we could possibly answer the question any clearer for you!

We are the leaders in the mail order industry by far today, and rightfully so with the addition of our password protected members community section of the website. You will have full access to our chat room as well in the members area to discuss many topics with customer service representatives and other home workers. You

customer service representatives and other home workers. You will be provided with our online tools menu inside the secured members area which will provide you with names and addresses needed to start working from home, and mailing our circulars immediately TODAY!

Don't be fooled by competing companies that promise you a fortune with misleading or deceptive advertisements, which don't explain *in detail* what they have to offer, or what you will actually be doing for them! Global Mail Marketing explains everything to our workers every step of the way, starting right now!

"Why Doesn't Global Mail Marketing Just Hire People To Mail Circulars?"

The reason we recruit work at home members to send our circulars out opposed to hiring regular employees to handle the task of mailing out our circulars is because it would put a great strain on our company's budget. Not only does hiring more employees require us to pay out more salaries, but also in addition, our company has to consider *employee benefits, carrying more insurance fees, employee vacation, more office space and a host of other added expenses* that are far too costly for our company at this point in time. Therefore, we are eager to establish a rapport with Professional and Independent Home Workers like yourself to send out our circulars!

Our System Is Easy To Follow, And Requires NO Special Skills!

Your earnings are commission based and are mailed directly to you daily as long as you continue to work with Global Mail Marketing. **You will be an Independent Home Worker, not an employee of Advanced International Marketing, so nothing will ever be deducted or withheld from your checks***. You can take on whatever amount of business that fits your schedule and you can quit whenever you want. There are absolutely no obligations, and there are no fees to quit, you can quit at anytime!

This is easy to do. Follow the instructions outlined in detail in our program, and you will be receiving \$2.00 per envelope, and up to 75% commission on every sale resulting from your mailings. It is merely a matter of determination, willingness and desire that will propel you towards your success. You will be fully supplied with our professionally written circulars and complete instructions that are simple and easy to follow.

not?

● Is there

I need to

● How long will

Postal

Mail-Order
Package?

Why do you need me?

The mail-order industry is one of the fastest growing industries in the world today. The reason we need you is because of the high cost of rent, taxes, and labor fees. If we were to hire more employees we would have to supervise them, rent more office space, pay more taxes and our insurance fees would increase dramatically due to the added employees. It is much easier and less costly for us to set up our mail-order business so that independent home workers like yourself can earn more money doing the work themselves at their own pace without our supervision.

How much money will I make per week, and how much time will I spend making it?

This question is asked a lot. The answer is all dependent on how much time and effort you are willing to put forth and how efficient of a worker you are. However, you should expect to work 1-3 hours per day to generate a weekly income of \$500-\$1800. The results may vary from person to person due to the above mentioned reason.

Are there any other fees or up sales after I pay the registration fee?

No, the registration fee is a one time fee, that's it! You are not to purchase any additional information, manuals, or instructions in order for your package to be successful.

What does the cost of the registration fee cover?

Due to the vast majority of the people in this world, we cannot offer this package without a registration fee because of the likelihood that many people would only be ordering the package to merely fill their curiosity. So the reason we require a one-time registration fee is to protect ourselves of illegitimate persons from ordering our package and costing our company unnecessary finances in processing unused packages. The fee also ensures to us that you are serious and willing to make a commitment to our company and program.

Is the registration fee refundable?

YES! We agree to refund your registration fee as soon as you've submitted your first 20 envelopes, your fee will be returned to you immediately! Also, if you are not

100% totally satisfied with the program, simply send us an e-mail with your name and address. You will be awarded a refund with no questions asked! We stand behind our product!

Will I have to claim taxes on my earnings?

You will be considered an independent home worker. You will not be an employee of our company, therefore we will not be deducting taxes from your commissions. So you will be responsible for keeping track of your own income and filing your income for taxation purposes in your respected area. We do not keep records of individual's incomes that are affiliated with us.

How often are wages paid out?

Generally your wages will be mailed to you within three business days that your work is completed.

What is the content of the circulars and why do I have to mail it out?

The circulars are advertisements and are not, in any way, offensive and do not contain any pornographic or illegal material at all. They are simply promotional advertisements from companies who wish to reach their customers through direct marketing. The reason we need you to mail out the circulars is because hiring more employees would require us to pay out more salaries, but also in addition, our company has to consider employee benefits, carrying more insurance fees, employee vacation, more office space and a host of other added expenses that are far too costly for our company at this point in time.

How do I get paid?

You will be considered an independent contractor for our company. Payments will be mailed out to you in a form of a check or money order under your name and will be mailed to your home address on a weekly basis. Payments are conducted by computer to ensure that the correct payment goes to your account when addresses are received by our company.

Will my work be monitored?

No, that is the essence of the mail-order business. You will be responsible for completing the work as soon as you possibly can. Because the work requires no special skills, you are expected to process the mail in a proper fashion according to our easy-to-follow instructional manual.

How does Global Mail Marketing differ from other companies that are alleging to offer the same opportunities?

There are many so called get rich quick schemes that give the mail-order business a bad name. Many of the companies are offering fraudulent chain letter or pyramid schemes claiming to be legitimate home-based businesses. We strongly recommend that you avoid any offer that seems too good to be true, or is too vague to understand. Chances are if it sounds too good to be true, then it probably is. We offer the best rates and commissions in the industry today, as well as around the clock customer service to answer any and all your questions.

How do I know if this is not a scam or not?

We are an existing business in the state of New

Jersey. The business that owns and operates this website is Advanced International Marketing, which is also a registered with the state of NJ and holds a Tax ID number. We also offer a customer service phone number for any inquires regarding our business. We encourage any persons who are skeptical of our selling practices to check out our business for themselves by either calling us or emailing us. We are number one in the mail order industry today and plan to keep our stake at number one for years to come.

How long will it take until I receive my Postal Marketing Mail-Order Package?

It usually takes between 7-10 business days to receive your package. If you have not received your package within 3 weeks at the most, contact us and we will check the status of your order.

Is there anything else I should know?

We feel we have covered every angle so relax until you receive your package in the mail. You will be extremely surprised at just how easy the work is going to be. Remember, you have nothing to lose! By taking action NOW, you will be on your way to financial freedom tomorrow! Don't let this opportunity pass you by! If you wish to inquire about the status of your order or have any questions that are unanswered here, feel free to e-mail us. Welcome aboard!!!

We will further show you how to expand your operation and boost your new income as high as you desire!

"What Exactly Will I be doing?"

As a home worker with our company, you will be mailing our company circulars that we provide to you in your package. *You may mail them as often as you wish, and start collecting your instantaneous payments immediately upon joining our system, with no minimum or maximum mailing requirements.* You will work from home and start earning \$5 for every envelope mailed, along with a 75% commission on every order that is generated through your mailings. **All the materials will be fully supplied and mailed directly to your home!** We will show you exactly what to do with these materials and how to do it in our easy to follow manual (*Note: the manual is now available as an instant download when joining online).

Many of our workers range from college students, retirees, homemakers, or mothers home with their children who desire to work from home. We understand here at American Mail Marketing Group that moms or homemakers are among the most dedicated work-at-home members in the industry today due to a number of reasons. Our system fits the needs of the independent mother so that she can still continue on with her important daily activities while being able to work from home and generating an extra income. The system is also great for college students across America who have extra time on their hands in between their daily classes and activities to be able to work an hour or so per day from their dorms to generate profits simply mailing out our circulars.

*** "Who Do I Send The Circulars To?" ***

Perhaps the most commonly asked question we get! As a member of American Mail Marketing Group you will just log into your password protected account on our website with your username and password that you receive upon joining, and you will collect names and addresses at the touch of a button with the online tools that we provide you, at no additional costs! Yes its that simple. **We send you your starter package, including circulars to stuff into the pre-paid postage**

envelopes that you will be receiving, of which you will then mail out at no cost. We even provide names and addresses for you in the members only area of the website!! We don't think we could possibly answer the question any clearer for you!

We are the leaders in the mail order industry by far today, and rightfully so with the addition of our password protected members community section of the website. You will have full access to our chat room as well in the members area to discuss many topics with customer service representatives and other home workers. **You will be provided with our online tools menu inside the secured members area which will provide you with names and addresses needed to start working from home, and mailing our circulars immediately TODAY!**

Don't be fooled by competing companies that promise you a fortune with misleading or deceptive advertisements, which don't explain *in detail* what they have to offer, or what you will actually be doing for them! American Mail Marketing Group explains everything to our workers every step of the way, starting right now!

"Why Doesn't American Mail Marketing Group Just Hire People To Mail Circulars?"

The reason we recruit work at home members to send our circulars out opposed to hiring regular employees to handle the task of mailing out our circulars is because it would put a great strain on our company's budget. Not only does hiring more employees require us to pay out more salaries, but also in addition, our company has to consider **employee benefits, carrying more insurance fees, employee vacation, more office space and a host of other added expenses** that are far too costly for our company at this point in time. Therefore, we are eager to establish a rapport with **Professional and Independent Home Workers** like yourself to send out our circulars!

Our System Is Easy To Follow, And Requires NO Special Skills!

Your earnings are commission based and are mailed directly to you daily as long as you continue to work with American Mail Marketing Group. **You will be an Independent Home Worker, not an employee of Advanced International Marketing, so nothing will ever be deducted or withheld from your checks***. You can take on whatever amount of business that fits your schedule and you can quit whenever you want. **There are absolutely no obligations, and there are no fees to quit, you can quit at anytime!**

This is easy to do. Follow the instructions outlined in detail in our program, and you will be receiving \$5.00 per envelope, and up to 75% commission on every sale resulting from your mailings. It is merely a matter of determination, willingness and desire that will propel you towards your success. You will be fully supplied with our professionally written circulars and complete instructions that are simple and easy to follow.
